Culture Moves Europe

Culture Moves Europe provides mobility grants for artists and cultural professionals (A&CPs) legally residing in one of the 40 Creative Europe countries, and willing to develop a project in another Creative Europe country. It covers the sectors included in the CULTURE strand of Creative Europe: architecture, cultural heritage, design and fashion design, literary translation, music, performing arts and visual arts.

The scheme consists of two action lines¹:

- 1) **Individual Mobility** for individuals and groups of up to 5 persons.

What is the Residency Action for?

The Residency Action of Culture Moves Europe provides financial support to legal entities (organisations and individuals), interested in hosting artists and cultural professionals (A&CP) for a residency project. The legal entity must be active in at least one of the following sectors: architecture, cultural heritage, design and fashion design, literary translation, music, performing arts, and visual arts. Legal entities must be registered and based in a Creative Europe country, where they will undertake the project.

The action encourages collaboration between hosts, artists and cultural professionals from different disciplines and backgrounds. Through this action, Culture Moves Europe aims to further develop a close-knit artistic and cultural ecosystem across the European Union and beyond.

Hosts can welcome between 1 and 5 A&CPs, who must legally reside in a **different** Creative Europe country than where the hosts are registered and based. The residencies can last a minimum of 22 days up to a maximum of 10 months.

The residency grant contributes to the **travel costs** of the participating A&CPs, as well as the **costs associated with hosting the participants**. The hosts must provide accommodation(s), suitable working space(s), relevant material and equipment depending on the project needs, and professional mentoring. If possible, the hosts must also provide connection to local networks to support the artistic and cultural development, and the visibility, of the participating A&CPs.

The application and funding procedure consists of 2 phases:

1.2. What is the Residency Project?

Applicants apply with a **residency project**, with a specific concept and objectives, in which the invited A&CPs will take part. As part of the residency project set by the hosts, participating A&CPs are free to develop their own individual project, or to collaborate, depending on their field of expertise and professional needs. Their work must follow the objectives and concept proposed by the host in the application. The aim is for the participating A&CPs to benefit from the environment, equipment and mentorship provided by the hosts, while contributing to the overall residency project with which the hosts applied.

1.2.1. Objectives of the Residency Project

Within the sectors covered by the call, the applicants must **choose up to two of the following objectives** to be reached through the residency project:

1. **To explore:** to conduct research, to investigate and work on a specific theme or a new concept.
2. **To create:** to engage in a collective creative process seeking to produce a new piece of artistic/cultural work.
3. **To learn:** to enhance the participants' competences and skills through non-formal learning⁵ or collaboration with a specialist.
4. **To connect:** to develop a professional network, to strengthen the participants' professional development, to engage with new audiences.
5. **To transform:** to contribute to societal change in line with the New European Bauhaus values and principles.
Applicants who select this objective are expected to implement a residency project in line with the New European Bauhaus (NEB) values and principles explained *here below*.

Please note: the residency grant cannot be used purely to support travel for artists to present their existing work in a professional setting (vernissage, exhibition, concert, performance) at the hosts' premises.

⁵ Education that is institutionalised, intentional and planned by an education provider as an addition, alternative and/or complement to formal education as part of lifelong learning. It is often provided to guarantee the right of access to education for all. It caters to people of all ages, but it may be short in duration and/or low-intensity. Non-formal education is typically provided in the form of short courses, workshops or seminars. It leads mostly to qualifications that are not recognised by the relevant national or sub-national education authorities or it could lead to no qualifications at all. The New European Bauhaus (NEB) Residencies:

The New European Bauhaus is a creative and interdisciplinary initiative that connects the European Green Deal to our living spaces and experiences, inviting us to imagine a better future through:

- **3 core values** – beautiful, sustainable, together – and **3 core principles** – a participatory, multi-level and transdisciplinary approach. The [New European Bauhaus Compass](#) is a useful tool providing guidance on how the New European Bauhaus values and principles can be integrated into projects.
- **3 levels of impact:** transformation of places on the ground; transformation of the enabling environment for innovation; and diffusion of new meanings. The key role that culture, and artists and cultural professionals, play to inspire societal change, to question our perspectives and mindsets, and to enable societal change, is recognised in the [Communication on the New European Bauhaus](#).

New European Bauhaus artists’ residencies are encouraged to explore how they could contribute to the transformation intended by the New European Bauhaus. This could, for example, concern artistic interventions in the framework of existing New European Bauhaus projects (provided there is no double funding as regards EU financial contributions); exploring novel ways of doing and thinking by combining intangible cultural heritage with technological and creative solutions; or residencies where A&CPs engage with the local community to work on one of the thematic axes guiding the delivery of the New European Bauhaus (i.e. reconnecting with nature, regaining a sense of belonging, prioritising the people and places that need it the most, and the need for long-term, life-cycle thinking in the industrial ecosystem).

1.3. Evaluation Process and Criteria

1.3.1. Evaluation process

The first *Call for Residency Hosts* is open from 15th March 2023 until 15th June 2023 at 23:59 CEST.

The evaluation process lasts approximately 5 to 6 weeks following the closing of this call. It includes the following steps:

- 1) **Eligibility check:** Culture Moves Europe checks that the application is fully completed and complies with the eligibility criteria (see figures 2 and 4), including the supporting documents (see 1.6).
- 2) **Evaluation:** Each eligible application is evaluated by two external experts from the Culture Moves Europe evaluators' pool. Evaluators work independently from one another. Evaluators follow a strict evaluation grid (see figure 5), and sign a declaration of non-conflict of interest. The evaluators are selected for their expertise in the different sectors and from the different countries covered by the scheme.

Please note: Applications with a score of less than 10 points out of 20 (see 1.3.2) will be automatically excluded from further evaluation.

- 3) **Jury:** A jury committee validates the final selection of hosts. The jury is composed of representatives from the European Commission and the Goethe-Institut e.V., and ensures the quality, impartiality and coherence of the selection process. The selected projects will reflect the quality of the application (based on evaluators' score), as well as other criteria such as geographical and sectoral balance.
- 4) **Notification:** The results of the call are communicated individually to applicants via the Goethe-Application Portal:
 - **Positive:** successful applicants are invited to proceed to Phase 2, where they have to select the participating A&CPs and confirm the details of the residency project.
 - **Negative:** ineligible applications, applicants below the selection threshold.
 - **Reserve list:** applicants on the reserve list can be offered to go through Phase 2 and select A&CPs at a later stage, only if previously selected applicants drop out from the funding opportunity. In such cases, the deadline for selecting A&CPs will be determined by Culture Moves Europe. Applicants on the reserve list may be contacted by Culture Moves Europe until 15 November 2023. After 15 November 2023, applicants on the reserve list will be automatically considered as rejected, without any further notification by Culture Moves Europe. Applicants will be entitled to re-apply to other Culture Moves Europe calls.

1.4. What is the Residency Grant?

The residency grant is calculated based on the number of participating A&CPs and the length of the residency project. A budget will be estimated at Phase 1 based on the information provided in the application to the Call for Residency Hosts. The exact amount of the grant will be confirmed after the selection of the hosts, at Phase 2, upon approval of the *residency info card* (see 2.3) and signature of the grant agreement. For more information on the calculation of the support, see Section 2.5.

Please note that Culture Moves Europe operates on a lump sum approach. The amounts indicated below are granted regardless of the actual expenses.

The residency grant is composed of the three following categories:

- A. **Hosting costs:** financial support given to the host to contribute to expenses related to the accommodation of the A&CPs participating in the residency project funded by Culture Moves Europe, and the implementation of the selected residency project. The fixed amount of **€35 per day per participant** supports costs related to the participating A&CPs' accommodation (rent, electricity, water etc.), rent of equipment, fees for mentor(s), etc.
- B. **Mobility grant:** amount to be forwarded by the host to the participating A&CPs:
 - **Travel allowance:** a fixed amount of **€350 or €700 per participant**, depending on the distance. It covers expenses for both directions of travel (from the place of residence to the place of destination, and back to the place of residence).
 - **Daily allowance:** a fixed amount of **€25 per day per participant**, to contribute to the costs, such as food and local transportation, of each participating A&CP during their stay.
- C. **Top-ups:** additional financial support to be paid to each A&CP based on their individual situation and needs. They reflect on the sustainability and inclusion aspects promoted by Culture Moves Europe.
 - **Green top-up:** fixed amount of **€350** per participant **travelling more than 600km** (distance calculated one-way) who choose to take any form of transport other than airplane, from the place of residence to the place of destination, and back to the place of residence.
 - **Visa expenses:** fixed amount of **€80** for expenses connected to visa applications.
 - **OCTs/ORs top up:** fixed amount of **€150** for participants whose place of residence and/or place of destination is an Outermost Region (OR) or Overseas Country and Territory (OCT) (see section 1.1). It covers travel from the place of residence to the place of destination, and back to the place of residence.
 - **Family top-up:** fixed amount of **€100**, for participants who have at least one child below the age of 10, regardless of the number of children and of the child/children joining the residency project.
 - **Disability support:** **up to €75 per day** for participants whose disability affects their ability to carry out their mobility project. Exceptional cases to be communicated with the Culture Moves Europe team.

2.4. Changes between accepted Application and Residency Info Card

Some minor changes might take place between the project submitted in the application and the precise information provided in the *residency info card*. These must be communicated and detailed in the *residency info card*.

A) **Changes with budgetary implications:** If some of the below changes take place, the estimated amount of the residency grant will be recalculated.

- Duration of the residency project:
 - It cannot be longer than initially stated in the application form.
 - It must be the same duration for all participating A&CPs.
 - If the hosts want to decrease the duration, it must remain in the same residency type as stated in the application:
 - Short-term residency project: lasting from 22 days up to 66 days.
 - Medium-term residency project: lasting from 61 days up to 120 days.
 - Long-term residency project: lasting from 121 days up to 300 days.
- Number of participating A&CPs must be confirmed depending on the results of the A&CP selection process organised by the host:
 - Hosts cannot select more A&CPs than initially indicated in the application.
 - With residency projects consisting of more than one A&CP, hosts are allowed to remove only one A&CP.

B) **Changes without budgetary implications:**

- Human resources and mentorship:
 - Hosts are allowed to replace the mentor, hosting coordinator and legal representative. More information must be provided in the residency info card.
- Location of the residency project:
 - The location of the implementation of the residency (both residency work premises and accommodation) cannot be changed.

Changes that may arise after signature of the grant agreement are limited and may require an amendment to the grant agreement. Possible changes must be discussed with the Culture Moves Europe team.

2.5. Calculation of the Residency Grant

As previously mentioned, the residency grant consists of 3 categories: the hosting costs allocated to the hosts, and the mobility grant and top-ups allocated to each participating A&CP and paid via the hosts.

After submitting the *residency info card*, the final residency grant will be **calculated based on the exact** number of participants, days of stay for the residency, travel plan and top-ups to cover the participants individual needs.

The maximum grant amount that a host can receive for a **residency project is 55.000€, with top-ups included.**

Culture Moves Europe covers bank fees resulting from payments of the grant from the Goethe-Institut to the hosts if based outside of the European Banking Union.

Disclaimer: selected artists and cultural professionals remain fully responsible for their own security and safety during their travel and residency stay. Culture Moves Europe recommends the hosts to advise their participating A&CPs to notify and register with their embassy before starting the residency project, as well as to buy travel insurance. Culture Moves Europe does not offer additional support to cover this cost.

2.6. Signature of Grant Agreement and Payments Process

The **grant agreement** is the contract between the hosts and the Goethe-Institut. It contains the exact amount of the residency grant and legal obligations.

After approval of the residency info card, Culture Moves Europe has approximately 4 weeks to prepare the grant agreement. The host's legal representative will have 2 weeks to check the information, sign the grant agreement and upload it on the Goethe-Application Portal. If the grant agreement is not signed and sent back within that period, the Culture Moves Europe team will consider this a rejection of the offer.

Two weeks after the end of the residency project, the hosts must submit a **residency report**, on the Goethe-Application Portal. It must include information such as the residency results,

potential changes between the project as outlined in the grant agreement and its actual implementation, supporting pictures and travel documents, etc. More information will be available in the Culture Moves Europe Guide for Selected Residency Hosts.¹⁰

The residency grant is paid in two tranches. The first instalment is paid to the hosts approximately 30 working days after grant agreement signature. Awarded residency projects and hosts will be published by the European Commission on its website at the end of Phase 2.¹¹

The second tranche, the balance payment, is paid to the hosts approximately 30 working days after validation of the residency report by Culture Moves Europe.

<i>First payment</i>	<i>Balance payment</i>
60% of the hosting costs 60% of the mobility grant 100% of the disability support *	40% of the hosting costs 40% of the mobility grant 100% of the remaining top-ups*
<i>Payment completed up to 30 days after signature of the grant agreement by both parties.</i>	<i>Completed up to 30 days after the successful review of the activity report to be provided at the end of the residency project.</i>
<i>* if applicable</i>	<i>* if applicable</i>

2.7. Participant Agreement

The hosts are the only contractual partners of the Goethe-Institut. It means that they will receive the full amount of the residency grant from the Goethe-Institut. However, hosts are responsible for transferring to each of the participants their allocated and personalised amount depending on their needs. Participating A&CPs can claim their amount from the hosts, but Culture Moves Europe is not responsible for these individual payments. More information will be available in the Culture Moves Europe Guide for Selected Residency Hosts.

The hosts must have a participant agreement with each participating A&CP. It must include information such as the responsibilities of the hosts and participating A&CPs, duration of the residency project, mobility grant and top-up amounts (if applicable), and the payment process. More information will be available in the Culture Moves Europe Guide for Selected Residency Hosts.

Please note, for residency projects of a longer duration: Continued health insurance coverage is often dependent on legal residence or usual place of residence in a country. We strongly recommend clarifying both the uninterrupted continuity of the health insurance and the scope of the insurance cover during participation in the residency project in advance with

¹⁰ The guide is available in the Culture Moves Europe website: <https://culture.ec.europa.eu/calls/culture-moves-europe-call-for-residency-hosts>.

the health insurance. Longer stays can also have an impact on the tax residency of A&CPs. Details should be clarified in advance with the tax offices or tax consultants.

Hosts are not allowed to charge participation fees to the participating A&CPs enrolled in a residency project funded by Culture Moves europe.
